ADDI CHRONO

MEMORANDUM FOR: Deputy Director for Intelligence
FROM: [REDACTED] 25X1
Chief, DDI Planning and Management Staff
SUBJECT: Space
REFERENCE: My memo dated 5 January 1984, same subject

I have agreed to place on a temporary basis four more persons in the 5E58 area in order to accommodate two new NIO positions and two secretaries to support them. No other space was available for the new NIO for Foreign Deception and Intelligence Activities and the new NIO at Large. This brings the total number of persons housed temporarily in that space to nine. All will move to new space in the 7B area as soon as that space is ready for occupancy. In any case, this temporary measure will not interfere with the return of SOVA to Headquarters.

I have taken the following actions in order to provide space for high priority equipment to be installed adjacent to the CIA Operations Center:

- ° Obtained the concurrence of the Office of Logistics for this move with the understanding that this temporary relocation will not delay the renovation of the 5E corridor for SOVA's return to Headquarters.
- ° Obtained the concurrence of SOVA providing the temporary relocation will not delay its return to Headquarters.
- ° Undertaken a review of space along the 7F corridor to accommodate the new equipment and to provide for other needs connected with the Operations Center.
